# BACKGROUND AND EXPERIENCE

**InterMediaKT is a non-profit organization** fostering education, training, and innovation. We keep on track with technological advances, new ICT tools and e-learning methods to disseminate the knowledge in every age. Based in Patras, Greece we are working since 2012 in the fields of education, training and innovation at the European level. Through technology tools, collaborations, and exchange of good practices, we try to achieve our main aim of Knowledge Transfer.

Through our vast network with professionals and experts, able to provide us with the essential information and services for our activities, so that we, in turn, can offer appropriate guidance to citizens. Our means of communication mainly include web-based platforms and e-learning activities, ICT Tools, Social Media and mobile applications, as well as activities, training seminars, dissemination and sustainability strategies. We keep on track with technological advances, and in turn provide portable and easily accessible information to our end users. Up to now, our organization counts more than 50 participations in national and international projects together with many more volunteering activities. It has 25,000 direct beneficiaries, and our work has been widely recognized at regional and national level. Having been awarded multiple times, we reinforce our commitment to continue offering high quality services to our end users:

## AWARDS

### Mobile Excellence Award 2020

During World Of Difference 2018 programme of Vodafone Foundation, we created the mobile app "Accessible Routes" aiming for equal accessibility for people with mobility disabilities. This initiative was honored at the Mobile Excellence Awards with the silver award in the category of Design and Development of Mobile Applications.

### ERASMUS+ PRIZE 2020 - IVEA project

The European project IVEA – in which InterMediaKT is a Partner – and aims to develop a European guide to promoting the employment of people with autism, was awarded the Erasmus + Prize by the Portuguese National Agency for the World Day of Persons with Disabilities.

### Hellenic Responsible Business Awards 2019

Our team was awarded in the Hellenic Responsible Business Awards 2019 from the participation of Efi Daskalopoulou in the framework of the Vodafone's World of Difference program, where it won the golden award in the category "Technology for the common good: Prosvasis app/Vodafone Foundation & InterMediaKT".

### Persons of the Year 2018

InterMediaKT was awarded at the "Persons of the Year 2018" event, in the category Education – Research – Innovation, for its actions in the year 2018. The result of our selection come from people votes.

### World of Difference 2018

Ms Efi Daskalopoulou works with InterMediaKT as controller of the Prosvasis Routes online platform. Her participation in the World of Difference 2018 program, made her one of the 15 Winners of the program, starting a wonderful partnership with Vodafone.

### Quality Islets 2017

InterMediaKT and the Prosvasis.co team were awarded the "Quality Islets Award 2017" from the President of the Hellenic Republic Mr Prokopis Pavlopoulos. This event rewards the initiatives that take place in our country and offers a significant social impact on our wider society. So, InterMediaKT and Prosvasis.co were awarded for the "Accessible Routes" initiative and action.

# Who we are

## What we do

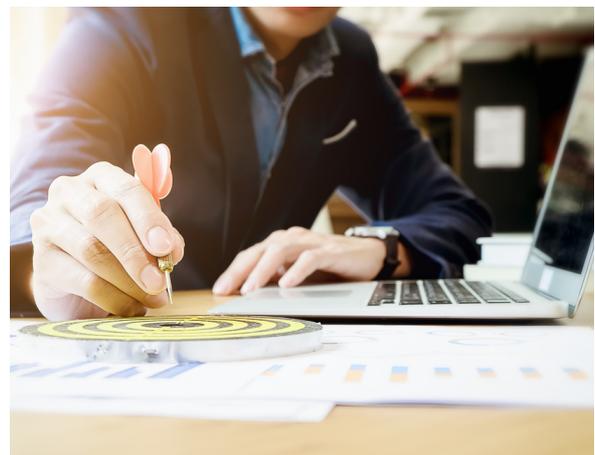

Our organization consists of a team of experts with diverse backgrounds, all experienced and capable to implement projects within the framework of the European and International programmes in the fields of Education, Training & Youth, Rights & Equality, Culture, Entrepreneurship and Innovation.

- ICT Tools & Multimedia
- Social Media Management and Dissemination strategies
- Quantitative and qualitative research
- Organize training courses, seminars, and workshops
- Networking with experts and local stakeholders
- Encourage civic participation and promote EU ideals and citizenship.

InterMediaKT uses technology to develop tools that which cover social needs and help vulnerable groups. We believe technology should be in the service of people. Having that in mind, our organization has proudly organized, implemented and partnered in a number of projects and activities developing tools; educational methodologies, e-learning platforms, training modules, campaigns and dissemination strategies and more to achieve what our organization aspires to do by name, the transfer of knowledge to aid socially marginalized groups. For more detailed information on our portfolio of educational project and activities, [please visit](#)

## The direct aims of InterMediaKT include:

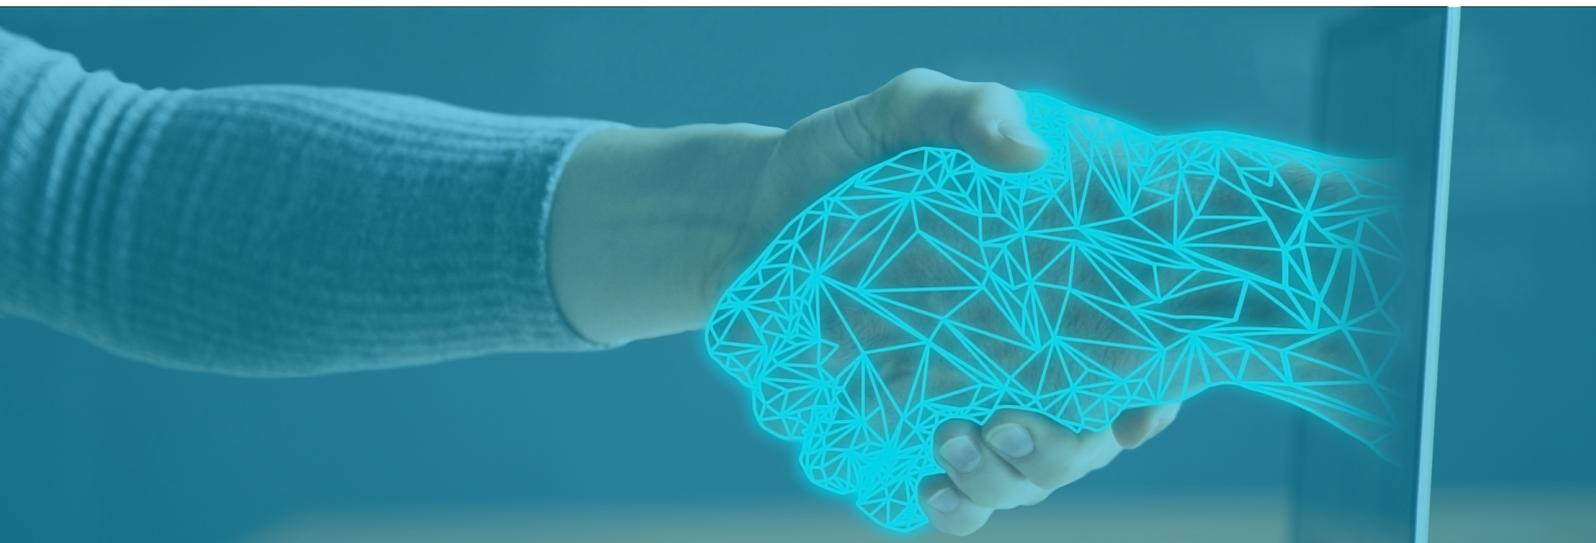

- Effective promotion of knowledge, vocational and adult training through e-learning activities,
- Promoting science and advanced technologies to students and young people as a tool for becoming
- Better citizens and more competitive professionals
- Supporting youth entrepreneurship & youth workers
- Support of local development through releasing the potential of alternative tourism,
- Strengthening social cohesion by taking care to consider equality of genres, nationalities and groups, as well as encouraging professional participation whilst offering employment training programs for vulnerable groups.

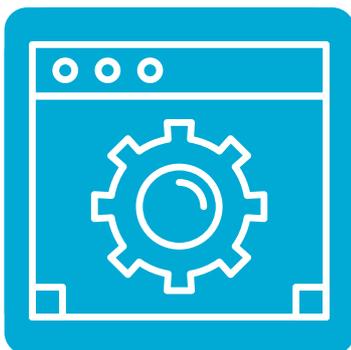

# Activities & Experience of the organization

Well-known for its expertise in designing and developing cutting-edge digital tools, InterMediaKT has implemented several activities targeting vulnerable social groups, children, youth adults and women. Indeed, it is the first NGO in Greece to receive the Google Rise Award for the Junior Coding Academy project and it was one of 33 organisations in Europe to be given a grant for the implementation of Patras Junior Codecamp.

InterMediaKT has also proven to be innovative and effective while working with people with disabilities. Indeed, 4 of their projects combine the design of new digital tools with the aim of fostering their inclusion either within the working space or within the society in general.

# UN Goals to Transform Our World

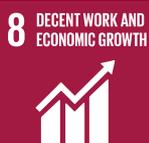

The **Sustainable Development Goals** are a call for action by all countries – poor, rich and middle- income – to promote prosperity while protecting the planet. They recognize that ending poverty must go hand-in-hand with strategies that build economic growth and address a range of social needs including education, health, social protection, and job opportunities, while tackling climate change and environmental protection. This is how these goals are expressed through our philosophy and activities.

Through our projects and activities, we contribute to ensure healthy lives and promote well-being for all.

Through our projects and activities, we contribute to achieve gender equality and empower all women and girls and bridging the tech gap

Through our projects and activities, we promote inclusive and sustainable economic growth, employment, and decent work for all

Through our projects and activities, we are working towards reducing inequalities based on income, sex, age, disability, sexual orientation, race, class, ethnicity, religion.

To revitalize the global partnership for sustainable development Considering the consequences of the global COVID-19 pandemic, we have seen that strengthening multilateralism and global partnerships are more important than ever if we are to solve the world's problems. Thus, through collaborations and exchange of good practices, we try to achieve our main aim of Knowledge Transfer.

A large, dark, rounded rectangular area on the right side of the page contains several glowing, neon-like icons. The most prominent are three circular icons: one with an envelope symbol (email), one with an '@' symbol (email), and one with a telephone handset symbol (phone). The icons are illuminated from within, creating a bright glow. The background of this area is dark, making the glowing icons stand out. The overall color palette is dominated by light blue and white, with accents of purple and blue from the glowing icons.
