Introduction

10 Years InterMediaKT

10 Years InterMediaKT

10 Years of Knowledge Transfer

At InterMediaKT we celebrated our 10 year presence in the civil society. Our team has grown and it counts 16 people. We are setting a set of new goals to achieve, always in synchronization with the invaluable input of our team members, volunteers and partners.

This anniversary was an excellent opportunity to redefine our goals, to seek out for the needs of the society and to redefine our aims, by directing them via the axes of accessibility and inclusion.

Looking back fills us with nostalgia, and gratitude for all we have achieved. As we move forward, we remain focused on our vision and strive to create positive change.

Educational Activities and Events

Find out about the actions we carried out in 2022

Educational Activities and Events

Educational
Activities and
Events

Training of organizations

At InterMediaKT we transfer knowledge and this year we held a series of trainings in 2 NGOs on various technological topics. Now, more civil society actors can implement their work more efficiently and effectively using technology while increasing their impact.

Educational workshop in collaboration with ITYE DIOFANTOS

In the frame of the European project Geeks4Education we implemented a workshop, using the benchlearning method, during which we had a meaningful exchange of good practices, initiatives and tools to strengthen the teaching and learning of STEM and digital skills inclusively.

ON-OFF - Project completion event

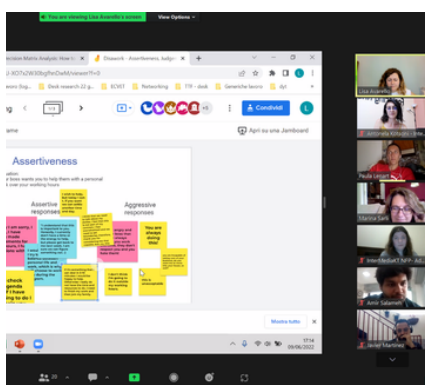

In April 2022, the European ON-OFF project was completed with a final event in Patras. We discussed the results and impact of the project, through a public dialogue on "Gender Violence in the Digital Age and the Role of Education" with special guests from important national and European institutions.

R.E.T.E - Training

In the frame of the "R.E.T.E. 2: Reinforce, Education, Training and Empowerment" project, we hosted 3 members of Giose f Italy. A training aimed at strengthening their knowledge of communication in the third sector, in order to improve the way of promotion and the quality of educational activities, while increasing the international visibility of the organization.

DISAWORK webinars

Through the European project DISAWORK, which aims to promote emotional intelligence in the workplace, we conducted a series of webinars where participants learned 10 essential emotional skills that they can apply in their personal and professional lives.

Technology Accessibility: Do's and Don'ts!

On the occasion of the completion of the European project Young Mediators for inclusion – (YMI), we organized an event to disseminate and promote the results of the project, discussing and highlighting the issue of accessibility to technology, hosted by IEK Delta Patras 360.

Hug 65+ Roadtrip

The project "A hug for the e-Ilderly" made a trip to 8 cities in Greece. Workshops and open discussions defending the rights of older people in the digital age, were the main outcomes along with the application "HUG 65+" and the documentary "A hug for the the e-Ilderly".

COM-Education

We hosted in Patras the first training activity of the European project COM, to share a set of digital tools with youth workers, disseminate digital methodologies, online communication strategies and good practices for non-formal education.

Time to Move Event

We informed the youth of Patras about ways they can discover new opportunities to explore Europe, through interactive games and with the support of student organizations. The event took place at the University of Patras and in the city center, as part of the Eurodesk Time to Move campaign.

Transferring Life & Digital skills

Through a two-day experiential seminar, we promoted the empowerment of life skills, social entrepreneurship and digital skills that increase the possibilities of professional advancement and are the basis for new professional opportunities and exits.

Coffee Breaks - Podcasts

One of the main goals of InterMediaKT is to facilitate the transfer of knowledge through interactive media. Our established podcasts, called Coffee Breaks, host people who help us deliver conversations about current events and key issues that revolve around actions, roles, opinions, opportunities and experiences.

Learning & Technology Tools

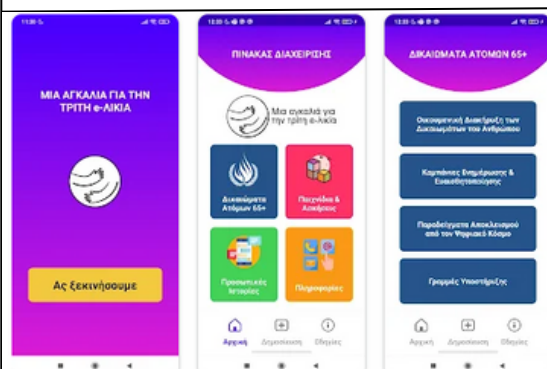

Our deliverables for 2022

Learning & Technology Tools

Learning &
Technology
Tools

Digital application for the rights of people 65+.

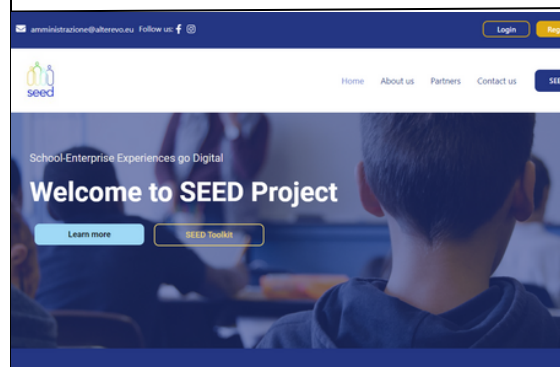

Hug 65+ | Mobile App

Through interactive games and exercises that create a pleasant environment for information and education, older people and more can learn about their rights and discover ways to protect them.

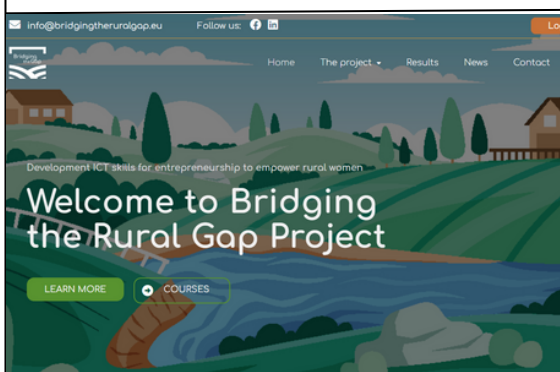

The SEED platform is a toolkit that provides educators with resources and practical tools to integrate creativity-based methods into their teaching practices. It also offers educational sessions and workshops, hosting a community of educators to connect, share experiences and collaborate.

SEED Educational Platform

Seedforfuture.eu

BtG Educational Platform

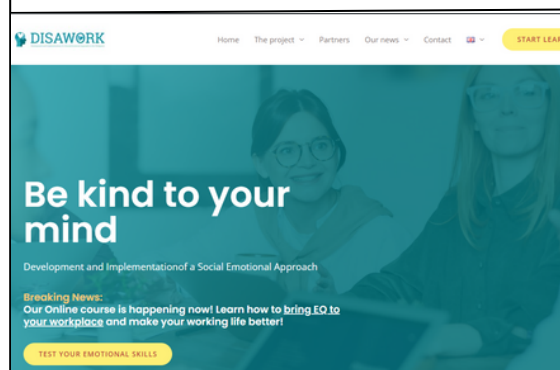

BtG - MOOC Platform

The project Bridging the Gap has developed online courses in six languages, aimed at strengthening the digital skills of women entrepreneurs in rural areas. The material covers various topics with the aim of increasing their entrepreneurial skills, training and employment opportunities while reducing the digital gender divide.

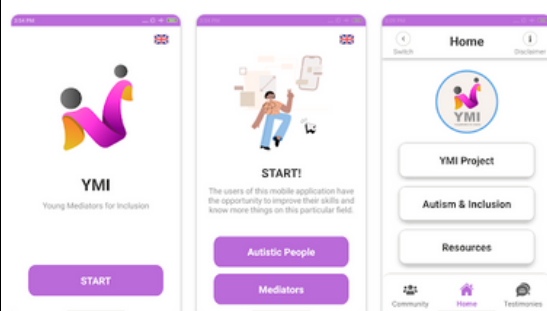

On the DISAWORK platform, you can test your level of emotional intelligence through an online quiz. You can also enhance your skills to improve how you manage your emotions in the workplace through free online courses!

DISAWORK Educational Platform

Disawork.eu - Platform

YMI Digital App

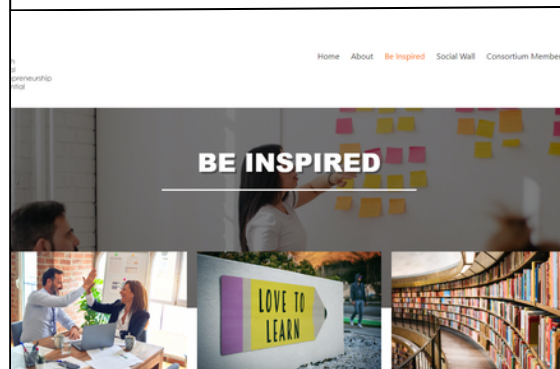

YMI | Mobile App

As a result of the Young Mediators for Inclusion project, a mobile application was developed that helps to promote empowerment and create equal opportunities for people with autism and their inclusion through mediators in society. The application is available in 6 languages.

The YSEP website we created, features interviews with successful young entrepreneurs in a variety of industries and provides resources and tools for would-be young entrepreneurs to provide inspiration, guidance, valuable insights and opportunities to connect with other young entrepreneurs.

Volunteering Actions

Our offer in 2022

Volunteering Actions

European Solidarity Corps

Our team grew with the addition of four volunteers within the European Solidarity Corps program. They are staying with us for 8 months to contribute to the organization and its vision while acquiring new skills.

Scale -up

In cooperation with the organization AIESEC Greece, we hosted Bedirhan Akdogan from Turkey for 6 weeks during the volunteer Scale-Up program, contributing his communication skills and abilities to our team.

Local volunteers

Active volunteers from the local community are very important to our organization as their ongoing support, knowledge and energy, helps the organization grow. We strive to provide them with a safe and open space to develop in the direction they desire.

Participation in events - Networking

Eurodesk Multiplier's Seminar – Brussels

We were delighted to participate this year for the first time in the Eurodesk Multiplier Seminar in Brussels, as official multipliers of the Eurodesk National Network, taking part in interactive workshops and having the opportunity to network with other actors from different countries in Europe, in order to more effectively spread mobility opportunities for young people.

Run Greece

Our team put aside their laptops for a while to put on their sports shoes and participate in the 5 km route of Run Greece Patras 2022 with the aim of promoting the active participation of citizens in health and wellness activities, as well as highlighting the benefits of sports in our lives!

Pink the City – Alma Zois

We supported the breast cancer awareness campaign organized by Alma Zois Patras and the institution Pink the City 2022, actively participating in the symbolic walk "Pink the City" in the center of the city.

TEDx Patras

This year we participated as a Community Partner at TEDx Patras 2022 on the theme of "Transformation". Standing at the Community & Innovation Alley we had the opportunity to share actions and ways that can cause transformation through digital skills, volunteering and social innovation.

Epilogue

Coming to the end of one
very creative year

Epilogue

Epilogue

The end of a very creative year

As we conclude this year's annual report, we reflect on a decade of growth, achievement and social impact. Over the past ten years, our organization has transformed and evolved, constantly striving to fulfill its mission and make a meaningful contribution to civil society.

Through our programs, initiatives and partnerships, we have embarked on our vision of knowledge transfer, having significantly contributed to change, giving our beneficiaries the opportunity to unlock their full potential and adapt to the fast-paced and ever-changing digital environment.

We are proud of all the success stories, the mistakes and obstacles we have overcome and the milestones we have achieved. We are embarking on the next chapter of our organization's journey, with renewed enthusiasm, inspiration and even more dedication to our purpose. At the same time, we recognize that evolution will come through addressing the challenges that arise but also by offering more and more to our surroundings, remaining steadfast in our commitment to adapt, innovate and push our limits.

Our team members, partners and supporters will be our fellow travelers in this next chapter.

We express our deepest gratitude to our dedicated team, partners, and supporters who have been instrumental in our journey. Together, we have achieved a lot and are excited as we move forward in our pursuit of knowledge transfer as well as bridging the digital divide and contributing to inclusive digital empowerment.

Thank you for being part of our story. Let's continue to inspire, innovate and progress together, making a positive impact on our society and the world around us.
